Candida

Do you crave sugar or sweets? Do you experience brain fog/fatigue? Do you often have gas, bloating or indigestion? Do you generally feel fatigued or have low energy? Do you experience food sensitivities or food allergies? If you answered yes to any of these questions, there is a high probability that you have an overgrowth of yeast in your body that is undermining your health and immune system. Learn how to identify and control candidiasis and other chronic yeast and fungal infections.

Please join us for this month's Healthy Habits class on **Saturday, November 15th at 9:00 a.m.** Cost: \$15/person (includes one-hour class with handouts). Register early as space is limited, email enchantedherbpantry@yahoo.com or call (575) 745-1673. This will also be the kick-off to the Weight Loss Challenge (see flyer)

Product Tips

The Holidays are quickly approaching and for many this means additional stress. Remember to take care of yourself - as well as others. Take time out to breathe deeply and meditate. A nice Relaxing Bath may be just what you need to unwind.

Relaxing Bath Salts

2 drops Rose EO
3 drops Lavender EO
3 drops Bergamot EO
1 C Epsom Salts

Put salts in a glass jar with a lid (and old mayonnaise jar works well), add essential oils and shake well to blend. Add salts to hot bath water, soak at least 20 minutes and relax. Essential Oils are available from Nature's Sunshine Products.
